Bring Copy

Medical Concerns List

In addition to providing us with your student's medical forms, we ask that you make a quick-reference list of students who have diabetes, asthma, seizures, severe insect or food allergies or any other special medical concerns. Bring a copy of this list with you and give it to a Clearpool staff upon your arrival. This allows all of our instructors to review the medical concerns before working with your students. Thank you!

Name	Group #	Medical Concern
